

## SECTION 01 11 00 - SUMMARY OF WORK

### PART 1 - GENERAL

#### 1.1 WORK COVERED BY CONTRACT DOCUMENTS

- A. The work generally includes the following: (See Section 3.6 and 3.7 of Spec. Section 33 01 10.71).
  - 1. Tank No. 10 – 1,500,000 Gallon Elevated Tank (Honeysuckle Road)
    - a. Blast and paint the entire exterior roof area.
    - b. Pressure wash, spot blast, and paint the remaining exterior.
    - c. Blast and paint the tank wet interior.
    - d. Clean and paint tank ringwall foundation (exterior).
    - e. Pressure wash, spot blast, and paint the dry interior.
    - f. Complete repairs.
    - g. Complete Tank Logos (three).

#### 1.2 CONTRACTOR'S USE OF PREMISES

- A. Contractor shall limit his use of the premises for work and for storage, to allow the Owner to access the site.
- B. Contractor shall coordinate use of premises under direction of Owner.
- C. Contractor shall assume full responsibility for the protection and safekeeping of products under this contract, stored on the site.
- D. Contractor shall move any stored products, under Contractor's control, which interfere with operations of the Owner.

#### 1.3 OWNER OCCUPANCY

- A. Owner will occupy the premises during the entire period of construction for the conduct of his normal operations. Cooperate with Owner's Representative in all construction operations to minimize conflict, and to facilitate Owner usage.

#### 1.4 SUBSTITUTION OF EQUIPMENT AND MATERIALS

- A. In the Plans and Specifications, certain equipment and materials are identified by manufacturer in order to establish the quality expected by the Owner and Engineer. Equipment of equal or better quality may be substituted for those named at the Contractor's option with the stipulations described below. If this equipment is subsequently disapproved, the Contractor shall resubmit until the equipment he proposes is approved. The Engineer shall be the final authority on equality.

- B. This substitution paragraph does not apply to those pieces of equipment identified by a manufacturer followed by the words "to match existing" or "no substitution."
- C. Where equipment is identified by manufacturer, the first name appearing on the Plans is the name of the manufacturer around which the facility was designed. The second name is a manufacturer known to the Engineer to produce a similar piece of equipment of equal quality. As described above, the Contractor may choose to install another manufacturer's equipment. If the Contractor chooses to install any piece of equipment other than the first named, any modifications or additional components required to provide a complete and satisfactory installation shall be provided by the Contractor at no additional expense to the Owner.

#### 1.5 EMERGENCY RESPONSE PLAN

- A. The Contractor shall develop and implement, prior to the start of work, an emergency response plan for handling spills or other materials that will damage the environment. This plan shall include how an immediate response will be achieved. Contractor shall provide the name and telephone number of a local representative that can respond to emergencies on a 24-hour per day basis.

#### 1.6 WORK HOURS

- A. THE Work shall be performed only during the hours of 7 a.m. to 7 p.m. Work may be performed outside this work window under the following conditions:
  - 1. Contractor shall submit written request to Owner requesting different work hours and stating the reason for the request, including why it would be in the best interest of the Owner to approve the request.
  - 2. Owner gives written approval of the request.

PART 2 - PRODUCTS (NOT USED)

PART 3 - EXECUTION (NOT USED)

END OF SECTION 01 11 00
