

SECTION 01010 - SUMMARY OF WORK

PART 1 - GENERAL

1.1 WORK COVERED BY CONTRACT DOCUMENTS

- A. The work of this Contract includes the rehabilitation and upgrade of Water Supply Well No. 8 (Moates Road) for the Water Works Board of the City of Enterprise.
- B. The Bid consists of completing an initial pump test, pulling the existing vertical turbine pump, and reinstallation of the upgraded pump assembly to include lowering the pump 30 feet and disinfection.

1.2 WORK SEQUENCE

- A. The Contractor shall complete the project in such a manner that this well will remain out of service for as short a period as possible. The Contractor shall make every effort possible to expedite this contract.

1.3 CONTRACTOR'S USE OF PREMISES

- A. Contractor shall coordinate use of premises under direction of Owner.
- B. Contractor shall assume full responsibility for the protection and safekeeping of products under this contract, stored on the site.
- C. Contractor shall move any stored products, under Contractor's control, which interfere with operations of the Owner.

1.4 OWNER OCCUPANCY

- A. Owner will allow the Contractor to occupy the premises during the entire period of construction for the conduct of his operations. Cooperate with Owner's Representative in all construction operations to minimize any potential conflict.

1.5 SUBSTITUTION OF EQUIPMENT AND MATERIALS

- A. In the Plans and Specifications, certain equipment and materials are identified by manufacturer in order to establish the quality expected by the Owner and Engineer. Equipment of equal or better quality may be substituted for those named at the Contractor's option with the stipulations described below. If this equipment is subsequently disapproved, the Contractor shall resubmit until the equipment he proposes is approved. The Engineer shall be the final authority on equality.

- B. This substitution paragraph does not apply to those pieces of equipment identified by a manufacturer followed by the words "to match existing."
- C. Where equipment is identified by manufacturer, the first name appearing on the Plans is the name of the manufacturer around which the facility was designed. The second name is a manufacturer known to the Engineer to produce a similar piece of equipment of equal quality. As described above, the Contractor may choose to install another manufacturer's equipment. If the Contractor chooses to install any piece of equipment other than the first named, any modifications or additional components required to provide a complete and satisfactory installation shall be provided by the Contractor at no additional expense to the Owner.
